

## ALBUM – I AM NOT AN AFROFUTURIST

biarritzzz

### 1 – INTRO

It is necessary to end the idea that machines will save the world

It is necessary to end the idea of infinite progress

What goes around

Comes around

### 2 - MISSING THE MYSTERIOUS ARTIST

They get lost

In Labyrinths

They get lost,

I don't exist

There is nothing more inoffensive than a black pencil

Nothing more ostensible than a secret

I am not going to reveal my **desire**

Not everything is **a** text

An untold story is not scary

An untold story is a mirror

I **won't give away my toy to you**

Not everything is **a** text

A text

**An** impetus, strands of hair

A door, a pillow

They **won't** stop leaving me

They won't stop finding me

And I no longer sleep without dreaming

I'll no longer wake up without dreaming

I no longer sleep without dreaming...

I won't wake up.

### 3 – SKY DRIPPING OFF THE SHIN

The Earth spun

I know because I am

Where the birds sing

Everything is black  
And it didn't clear  
But the birds sing

I **could** get lost, and I prefer **to**  
I could lose everything, all of this  
If only I knew where they sing

Or I go mad.

Where can it be  
The house to live

In the **woods**  
Of the lost **relatives**

Where can it be  
The house to live  
In the **woods** of the lost **relatives**

My lost teeth  
Under where I **step on**  
Under where I **step on**

4 – B.I.A. - EX@ feat. Mun Há & Deize Tigrona

Day after day  
**You've been** copying others  
But **don't** you know  
That this is all fucked up

You just want everything framed  
And militarized  
And you think that everyone wants to have that dickhead face!

**I'm not gon'** be something I don't wanna be [x4]

You won't stop  
To want to kill  
Everyone that reminds you where your place is  
Of a mad male  
So just stand right there  
Because their revenge has just started

Now it's over  
It's the end of your show  
Your history on Xvideos gave you away  
"Straight" playboy I can't understand  
How Dandara's death doesn't make you suffer

I won't be something  
I don't wanna be  
I **was born so slay** not to convince you  
**Shut down you dumbass 'cos I'm gonna speak**  
If I say EX@ you gotta respect it

I won't be something  
I don't want to be  
I wasn't raised so polite just to give you pleasure  
Come off the stage, be quiet  
And listen to us  
It's BIAHITS and TIGRONA along with MUN HÁ

(B.I.A.)

**I'm not gon'** be something I don't wanna be [x4]

5 – cAPTURE IT or gO MAD (feat. Denise Nuvem & Henrique Falcão)

Magics of editing

It's all made up

The good is the evil

Of the material

And every cut is an un-context

I won't let them rule the world!

I will steal back what is needed!

I will no longer be an object of study

I'll be at the other side of the cage

Now I'm capturing them all

All the banks are already image banks

The virtual is just like witchcraft

But who actually possesses who?

The real is not real (capture it or go mad!) [x4]

[BIS]

Capture it or go mad

I rather go mad

I rather go mad

Capture it or go mad

In this medieval media

In this medieval media

I rather go mad

I rather go mad

I rather go

6 – zeitgeistzzz

Here nothing is created

Everything is copied

I say that today

There is no authorship

Gimme my manumission

From the cult of the author

There is no master

There is no master no

[REPEAT]

Dear God,

The spirit of time has been talking to me...

It is telling me to forget everything, everything I had learned

My God, there are so many, so many of them!

I don't even know which one to believe

Credit! [REPEAT]

7 - #TUPI

I am TUPI

three-dimensional

TUPI

8 – Discovery

Look behind you

It's always been there

They will never, never see

Or understand the coexistence

[x2]

And it's been there the whole time

Not stationary, it wasn't the moment

You can't choose it, it can't be decided

There is no such thing as discovery

[x2]

... I am others... others... others... others... others... (she)

The books weren't expecting this

Me coming back to them

The books weren't expecting this

Me coming back to them

The books weren't expecting this

Me coming back to them (women)

I'll go back to prowling

They'll go back to prowling\*

Go back to prowling...

*Ya no quiero que me mintas más amor*

*Mientras que me engañas sin razón*

*Es por eso que esta farsa ya se acabó*

*Bye bye,*

*Feliz cumpleaños*
